Your 'Good News' Auctioneer

'Virtual Auction in A Box'

George Franco, your 'Good News' Auctioneer has raised millions for charities. As a professional benefit auctioneer and veteran broadcaster George understands on line fundraising and is here to help with a '**Virtual Auction in a Box**'.

George will help you raise more funds during...

- * A Virtual Fundraiser where Emcee, Benefit Auctioneer and limited guests are in a studio or home live streaming while patrons are bidding and donating from their safe locations.
- * A Hybrid Gala where Emcee, Benefit Auctioneer and some Patrons are at a live location while other patrons are at home. All can donate and bid on one platform simultaneously.
- * A Live Gala where everyone gathers in person which is questionable in the immediate future.

George will cut the clutter with....

- * Emcee & Benefit Auctioneer Capabilities
- * Script Writing
- * Webcast Production
- * Video Production
- * Award Winning Story Telling
- * On Camera Coaching
- * Help with Silent, Live Auction, Fund A Need, Games, Raffles and More

Virtual fundraising requires streaming video technology. George will help with...

- * Streaming Video Consultation
- * Connections to Professional Studios
- * On Site Streaming Video Team
- * Fundraising Software Recommendations and Implementation
- * Before, During and After Support
